ARE YOU PREPARED

FOR WASTE

MANAGEMENT

LEGISLATION?

In Wales, from 6th April 2024, new legislation will mean material that is prime for recycling must be separated prior to collection for processing off site and kept separate throughout waste processing activities.

There are six streams of recyclable waste defined within the new legislation which are referred to as a facility's "separation requirements":

Food Waste – for any facility creating more than 5KG of waste per week

Material Waste – Metals, Plastics and other packaging of a similar composition

Paper and Card

Glass

Electronic Equipment

Unsold Textiles

AS IN WALES, THE ENGLISH GOVERNMENT IMPOSES SPECIFIC LEGISLATIVE REQUIREMENTS ON COMMERCIAL ENTITIES AND THE WASTE COLLECTED ON, AND TRANSPORTED FROM, THEIR PREMISES.

RECYCLING PRODUCT SOLUTIONS

RCP has a broad range of containers & trucks to support your business with internal waste collection and movement, maximising recycling and minimising contamination.

All of our waste and recycling containers are manufactured to stand the test of time and come with up to 10 year warranties to provide you with added peace of mind.

WASTE DISPOSAL

Where waste is created, it must also be collected. Our product solutions help to centralise the accumulation of waste.

1

FRONT OF HOUSE

SLIM JIM
RECYCLING
STATION

CONFIGURE

DECORATIVE RECYCLING

Modular, colour-coded solutions for collecting and recycling multiple waste streams at any facility.

SLIM JIM
STEP-ON

STEP-ON CONTAINERS

Sealed lid containers that isolate germs and odours with risk-reducing foot operation to reduce contamination touchpoints.

2

BACK OF HOUSE

SLIM JIM
VENTED

SLIM JIM CONTAINERS

High capacity back-of-house containers that collect waste where it accumulates with a bag cinch system.

BRUTE

WASTE STORAGE

Durable units designed to store waste from multiple points around a facility prior to being moved elsewhere.

3

WASTE MOVEMENT

WASTE MANAGEMENT

Once waste has accumulated, it must be aggregated and moved to collection points ready to be taken off-site.

HIGH CAPACITY TRUCKS

Large volume, mobile containers that move collected waste from back of house storage to collection points for off-site processing.

MEGA BRUTE

CUBE TRUCK

TILT TRUCK
