KINTZOO

As a tribute to the ancient Japanese tradition of repairing valuable ceramics, KINTZOO applies a fine stitch of gold or silver on a dark grey base. This decor applied on round and square pieces is a metaphor for resilience and a sign of subtle refinement.

Extra style with oval dishes and teaware shapes. The Connoisseur Teapot has been specifically designed to be utilised with the finest quality teas and avoids over brewing when combined with the Teapot Infuser. The exacting capacity means that once the first cup is poured, the remaining water level drops below the level of the tea leaves in the infuser and hence avoids over brewing.

Inspired by the rich heritage of Islamic art, this stunning range utilises gold mica to provide a luxurious and contemporary tableware collection.

# MORESQUE

This collection has been created in collaboration with two-starred Michelin chef Brett Graham. The rimless design means there's no visual distraction from the finest cuisine, while the frosted edge prevents finger marking as the plate is set down on the table. Extra weight has also been added to the centre of each plate, to optimise retention of heat or cold.

Hand-decorated, the Sphere collection plates are like the very best musical scores. To allow the chefs to express their creativity at their best, Revol offers different styles of decors aimed to chime perfectly with the particular notes of unique cuisines. Light and delicate touches or patches of real gold painted by hand on the wing of the plate, open the way to an explosion of flavours. This year, a new size of plate completes the poetry of the moments, from starters to desserts.

CRUSHED VELVET COPPER

Inspired by the elegance & grandeur of crushed velvet, this collection has been purposefully designed to accentuate food to provide maximum visual impact. The balanced use of texture, colour, pattern and proportion creates a backdrop which vividly differentiates food yet does not overwhelm. Select pieces have full cover decoration which are perfect for elevating all variants of afternoon tea, where food styling options can be limited, and visual impact is often lost. This contemporary collection is presented in three stylish colourways which have been carefully selected to look equally spectacular when mixed or served individually. An optional 22ct gold finish can be hand applied to add an extra level of opulence.
