

The EcoPro G2 range is a result of our commitment to innovation

EcoPro G2

The next generation of professional refrigeration

The EcoPro G2

Built from the ground up to include over 50 innovations, the EcoPro G2 is loaded with design, quality, reliability, efficiency and performance features:

- > Thicker and more robust cabinet design with advanced thermal efficiency, and market leading capacity making your money go further
- > 'Smartphone style' touch sensitive hidden-until-lit control panel with unique high visibility temperature display combines sophistication with functionality
- > Ergonomic door and handle design for ease of opening and cleaning
- > Designed using high technology: 'Fluid Food-Fresh Dynamics' modelling, the improved advanced Foster Circularair II air distribution system maximises efficient operation even when shelves are fully loaded
- > Refrigeration system designed to be the most technologically advanced and energy efficient yet
- > 'Airlines' ventilation system cools the compressor which reduces running time by 15%
- > Revolutionary racking set-up means added stability with less componentry
- > Sleek modern aesthetic combines form and function to give you a great looking, easy to use, efficient product
- > 'Fuzzy Logic II' intelligent controller with 'e' mode drives reduced energy consumption
- > Innovative thermal break and hot gas door heater deliver improved efficiency and a combined reduction in temperature loss and condensation
- > Completely re-engineered inner recessed door interface provides mechanical barrier to protect gasket face from the cold air of the interior
- > **And much, much more...**

EP700H
Refrigerated Cabinet

A range of products designed to meet the needs of the most demanding environments and expectations

Performance, Quality & Reliability

You know the importance of excellence. You are judged on the quality of your food and service.

Key performance, quality and reliability features:

- > Designed using high-technology 'Fluid Food-Fresh Dynamics' modelled airflow for improved distribution of air.
- > Easily adaptable racking system has easy to fit tray slides to allow for easy positioning and features the ultimate anti-tilt system for robustness. Capable of taking 40kgs, each shelf is fully secured into the rear air duct
- > Rigorous manufacturing regime ensures outstanding build quality and product longevity
- > Cyclopentane foam that maintains thermal efficiency longer than other insulation
- > Reinforced 5mm stainless hinges at the top and bottom of the door for added durability and to eliminate the risk of door sag (tested to 250,000 openings, equivalent to ten years' usage)
- > Cataphoresis coated coils prevent corrosion and prolong refrigeration system life
- > Works efficiently even in hot kitchens, operates to ISO Climate Class 5 - up to 43°C ambient

- > Whether you operate a commercial kitchen or require a unit to sit front of house, the design of the new EcoPro G2 will enhance, compliment and integrate into any environment.
- > Intuitive and easy to open door handle
- > The top fascia panel featuring the 'Airlines' ventilation system keeping the system cool and efficient
- > 'Smartphone style' touch sensitive hidden-until lit control panel keeps the screen flat and free of visual clutter, combining sophistication with functionality

Quick fact:

- > Cutting edge technology fibre optic laser provides more hygienic and precise joins for enhanced product quality and performance, whilst virtually eliminating wastage

“Why compromise?
Choose the EcoPro G2”

+stayclear 

Foster's +stayclear condenser has revolutionised the efficient operation of our refrigeration products

- > Fitted to our most popular G2 fridges & freezers as standard
- > Reduces maintenance costs and customer site disruption
- > Helps to maintain more reliable temperature control improving food safety
- > Equipment lasts longer
- > Increased carbon reduction through lower energy use
