F900 SERIES

i91105C Four Zone Induction / Fan-Assisted Oven Range

Key Features

- 4 x 5kW energy efficient heat zones
- Sealed 6mm toughened glass hob
- In-built pan detection - no wasted energy
- Low heat emission
- Variable control settings
- 2/1 GN oven with side-mounted runners
- 5 shelf positions, 2 shelves supplied
- 80 - 280ºC oven temperature range
- IPX 5 water resistance certification
- Supplied upon adjustable stainless steel feet
- 2mm thick 304 grade stainless steel hob
- Laser cut hob allows edge to edge joining of units
- Stainless steel external panels with Scotch Brite finish
- Dynamic Link System Compatible

Integrated linking system allows quick and easy installation to create a continuous cookline.
*Patent pending, application no. GB 1511389.7*

Short Form Specification

Unit to be Falcon F900 Series induction range with a counter top having 4 x 5kW cooking zones. A 2/1 gastronorm compatible convection oven will be located below. Unit to be supplied upon adjustable feet or upon optional castors.

The hob will be constructed from 6mm toughened ceramic glass and 2mm 304 grade stainless steel. Hobs will be laser cut with right-angled edges to allow joining of units with no gaps between hobs. Exterior panels are Scotch Brite finish stainless steel. Control knobs to be marked showing variable settings and to have a bezel behind each knob to prevent water ingress. The unit will have IPX 5 water resistance certification.

Optional Accessories

- Front hob rail
- Side cover panel
- Kick plate
- Castors
