

# Colore Pizza Oven

Pizzas are a great crowd-pleaser and this compact and attractive pizza oven will help you market and produce perfect stone-baked pizza.

The Colore pizza oven is available in a range of colours to suit any décor and our green version is perfect for venues serving Vegan or Vegetarian food.

Cordierite stones provide that perfect stone-cooked base and the ovens operate at temperatures of up to 350°C for super quick, controlled baking.
