

Grip It[®] Oil Gauntlet C1

Grip It[®] Oil Gauntlet C1 is a dual coated chemical resistant gauntlet that utilises two layers of nitrile to provide a protective, extremely comfortable glove with an outstanding grip that is particularly effective in an oily environment. The first layer sits on a soft seamless knitted liner and is highly resilient allowing for excellent dexterity. This is complimented by a palm nitrile coating that has been infused with microfoam bubbles maximising grip and increasing resistance to oils and liquids. The gauntlet also delivers excellent abrasion protection and durability resulting in a long life expectancy.

Typically used for:

- Engineering
- Chemical Handling
- Automotive Maintenance & Repair
- Agricultural Work
- Manufacturing
- Printing
- General Assembly
- Local Authority Work
- Cleaning and Janitorial
