E3 bottle cooler by Gamko

Gamko's E3 is the standard for creating a fixed, sustainable and efficient bar layout. E3 bottle coolers are ideal for outstanding cooling and clearly presenting bottled drinks and is available in anthracite (coated steel panels) and stainless steel finish (stainless steel AISI 430). Gamko supplies E3 coolers that are plug ready (R600a as standard, R134a on request) and for a split system (standard with R134a valve, other valves on request).

Both ranges are supplied with two, three or four door option, with solid or glass finish. In addition, you can also have solid doors replaced with robust drawers, which are available in a variety of sizes (see page 6).

General characteristics

E3 bottle cooler

(specific characteristics in the table on page 7)

- > Plug ready cooler with R600a refrigerant as standard. R134a available on request.
- > Superb cooling performance
- > Larger capacity than ever
- > Faster pull down time
- > Increased display area with glass doors
- > Locks on glass doors
- > Option: locks on solid doors/drawers
- > Efficient LED lighting with even light distribution in the case of glass doors
- > Height-adjustable legs
- > Easier to maintain (more service-friendly)
- > Exchangeable magnetic gaskets
- > Interior: silver-grey coated steel panels
- > Adjustable shelves
- > Each door section is fitted with 2 shelves as standard
- > Option: solid drawers instead of doors
- > Electronic thermostat with digital display
- > Automatic defrost
- > Temperature: +4° C / +8° C
- > Adjustable temperature range from +2° C to +18° C

E3 bottle coolers for remote refrigeration

Gamko also manufactures and supplies E3 coolers for a split design (remote). In this case, the coolers are centrally controlled by a separate condensing unit that Gamko can also supply. The E3 bottle coolers for a split design are supplied with two, three or four doors with either glass or a solid finish. In addition, you can also have solid doors replaced with robust drawers, available in a variety of sizes (see page 6).

E3 drawer cassettes

Why not add drawers to your E3 bottle cooler and you will not only create a practical, but also a sleek and ergonomic bar layout. The E3 drawers are mounted with telescopic rails and fit into any type of E3 cooler. The drawers are fitted with the same broad and sturdy handles as on solid doors and have a lock feature (lock needs to be ordered separately). For each drawer you can fit a minimum of 42 x 33cl bottles. The drawers are also suitable for taller bottles.

Replace solid doors with a solid drawer unit consisting of 2 or 3 drawers of equal height or 2 unequal drawers.

Item No. for plug ready	Item No. (split)	Front finish	Description	Format
E3/3DA	ECO/3DA	anthracite	1/2 drawer	2 drawers of equal height
E3/5DA	ECO/5DA	anthracite	5/12 + 7/12 drawer	2 drawers of unequal height
E3/6DA	ECO/6DA	anthracite	1/3 drawer	3 drawers of equal height
E3/3DCS	ECO/3DCS	stainless steel	1/2 drawer	2 drawers of equal height
E3/5DCS	ECO/5DCS	stainless steel	5/12 + 7/12 drawer	2 drawers of unequal height
E3/6DCS	ECO/6DCS	stainless steel	1/3 drawer	3 drawers of equal height

Accessories

Make your bottle coolers more complete with locks on solid doors and drawers, extra dividers and/or shelves.

① Conditions: Te = -5°C | Tc = +45°C | ambient temperature = +25°C

② Power consumption of the cooler without the separately installed chiller unit.

* Depth of the cabinet is excluding handgrip, including power-supply-connection. During installation: add 40mm to the overall depth (in conjunction with the appliance's plug) and add 10 mm to the total width.

** Plug ready models are standard supplied with R600a refrigerant. R134a refrigerant is available on request.

*** Other valves on request.

Gamko manufactures and supplies professional coolers for the bar and leisure industry

Gamko is a leading manufacturer and supplier of professional coolers for the bar and leisure industry. Since its establishment in 1958, Gamko has grown into an international company, which focuses mainly on manufacturing, selling and maintaining a complete range of professional drinks coolers.

Quality from Europe

With its own production and research department in Etten-Leur, The Netherlands, Gamko develops, manufactures and supplies products that are tailored to the needs and quality requirements of today's catering industry. Aspects such as design, functionality, customer satisfaction and the environment play a major role in this. Gamko is ISO9001- and ISO14001-certified, guaranteeing the quality of our products and processes and ensuring continuous improvement.

Modern production of equipment guarantees an excellent price-quality ratio and because production takes place in the Netherlands, Gamko also has highly flexible delivery times. If you choose Gamko, then you will be choosing quality, flexibility and sustainability.

Gamko: an international player with world-class products

Gamko has its own export department with a worldwide network of agents and its own sales organisations in Benelux, the United Kingdom and France. Our sales organisation delivers a complete range of cooling equipment, in particular for the bar and leisure industry right throughout the world. If after reading this brochure and/or documentation you would like more information about the products listed below, please feel free to contact Gamko.
