

# Safety Goggles

uvex ultrasonic

## uvex ultrasonic · 9302

- Wide-vision goggles with exceptional wearer comfort
- Combines hard and soft components which adapt to the wearer's face creating soft, effective seal around the eyes
- uvex supravision lens coating technology – anti-fog on the inside of the lens, scratch resistant on the outside, permanent – won't wash off
- Wide fully adjustable, high quality head strap offers pressure-free fit, even when worn for extended periods
- Comprehensive side protection around the eye area, even when worn over prescription spectacles
- Indirect ventilation ensures pleasant comfortable interior environment
- Sporty ski goggle design with wide panoramic field of vision
- Lens replacement possible
- Soft materials aid compatibility with respirators and other items of PPE
- Can be worn over most prescription spectacles
- Mechanical strength: B – Medium energy impact protection (120 m/s)
